

ENVIRONMENTALLY BENIGN INNOVATION LEADING TOWARDS A GREEN GLOBE

ECOTIF500 is a high-performing, 0.5 lb. open-cell spray polyurethane foam insulation for new and existing walls, roofs, closed cavities and floors. Building professionals can achieve new standards in commercial, residential, agricultural and industrial construction.

R-value* $\approx 2.7 @ 100\text{mm}$
Density $\approx 0.5 \text{ lb/ft}^3$

ECOTIF500 is a 100% 1:1 water blown polyurethane foam system. The resulting foam of density $\sim 8\text{kg/m}^3$ gives superior R-value and air barrier performance, providing more uniform temperatures throughout the building. It reduces the heating and cooling costs upto 50%. It also minimizes moisture intrusion and outside contaminants such as dust, dirt, and allergens.

 Upto 50% reduction in heating & cooling costs.

 Stops dust & air pollutants
